

The best of ICT with a human touch

Project Management Services
WE LEAD YOU TO SUCCESS

Axians Project Management

Axians has been providing top-quality professional Project Management services since 2001

- ▶ Professional Project Management tailored to your needs
- ▶ Certified project managers in several locations worldwide, speaking multiple languages (English, German, French)
- ▶ We support our clients with standardized and auditable document templates aligned with leading project management methodologies and best practices (PMP, Prince 2, SCRUM ...)
- ▶ Axians has a network of technical Subject Matter Experts available to support our Project Managers with technical topics. We have a broad portfolio of technology skills in-house, i.e. Cybersecurity, Networking, Industrial IT/OT, Digitalization, Cloud, Data Center, etc

Project Managers help your organization implement change on time, within budget, in a structured & high-quality manner.

We support you with a structured approach to understand and manage change

Assess

- ▶ **We help you determine your need and approach**
- ▶ Understand the change
- ▶ Define the scope, objective, and boundaries
- ▶ Identify dependencies, impact, and constraints
- ▶ Be your sparring partner

Plan

- ▶ **Together we build a charter and a roadmap / plan**
- ▶ Develop the future landscape, architecture, processes, and features
- ▶ Determine timelines, resources and cost

Build

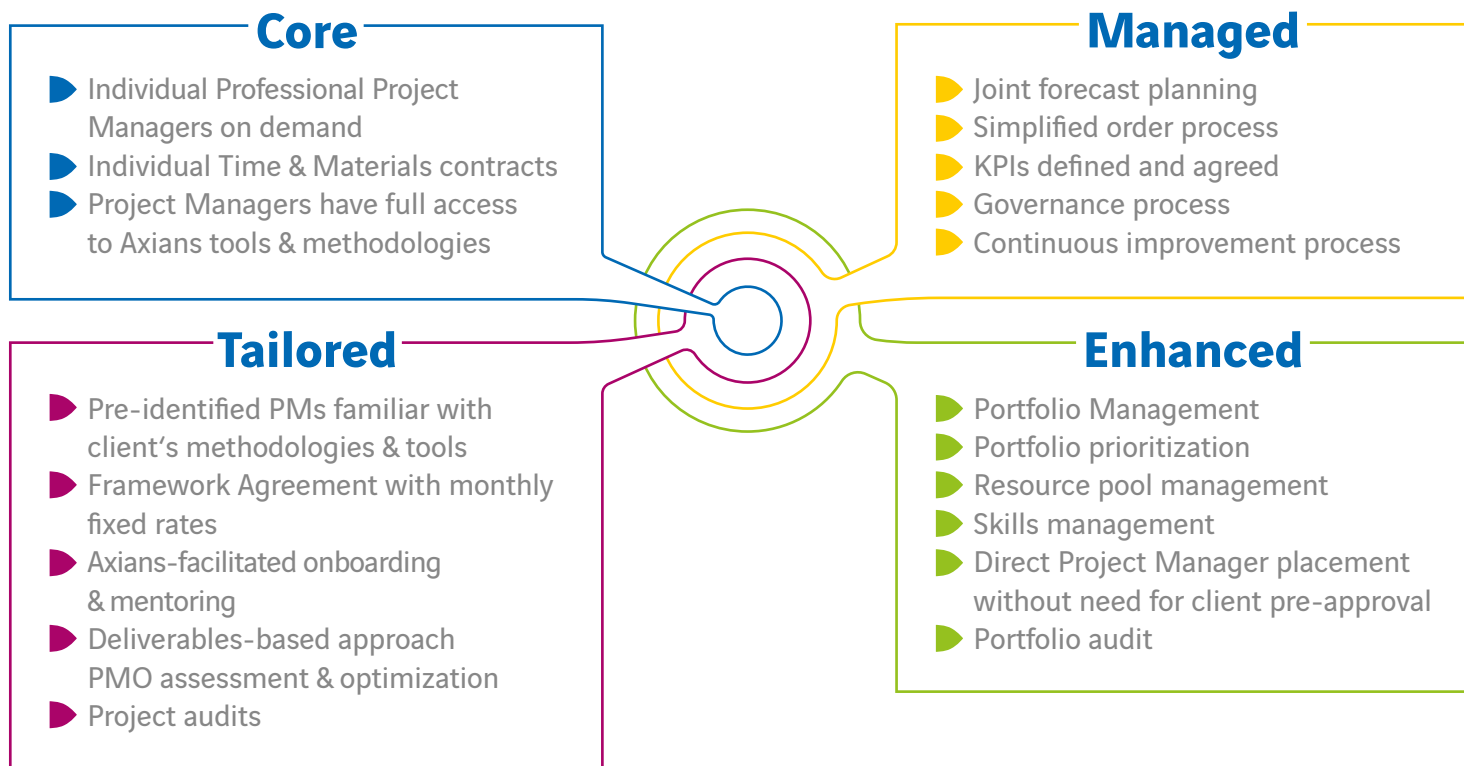

- ▶ **We help you achieve your goals and operationalize your change**
- ▶ Engage team
- ▶ Lead the change with professional Project Managers
- ▶ Establish operational readiness & handover

Axians has extensive project management service delivery experience and expertise in many areas of ICT
